FREQUENTLY ASKED QUESTIONS ABOUT CONSUMER DIRECTION

What is consumer direction?	Consumer direction, also known as self-direction, allows the veteran to become the employer of record. You hire, train, and if necessary, fire your employees. This service delivery option gives you more independence and control over who works for you, the hours they work, and how services are
	delivered.
Who is CDS in Texas?	We are a financial management services agency. We will conduct background checks on new employees for you, process your timesheets, withhold taxes, and track your program funds. Details can be found in the Employer Service Agreement and Form 1581 which presents an Overview.
Who is the employer?	You are the employer unless you have a guardian. If you have a court- appointed guardian, then that individual will be the employer.
What are my responsibilities as an employer?	As the employer, you hire, train, supervise, and terminate your employees. You must ensure that you have back-up services if your regular employee cannot work. You submit accurate timesheets for work performed and ensure that the narrative portion of the timesheet is completed.
How do I enroll?	You will complete this enrollment package with a representative from the Central Texas Council of Governments. They will forward all the documents to us. We will then enroll you; notify you of background results within 48 hours of receiving the new employee information; and set you up for payroll processing.
How is time worked recorded?	This packet contains a timesheet. You will need to make copies. You can also download the timesheet from our website <u>www.cdsintexas.com</u> . See the Payday Schedule in this packet for how and when to submit your timesheet.
How is my employee paid?	The application packet has forms for direct deposit to a bank account or pre- paid card, or the employee can select our paycard. When your payroll is processed, you will receive an email notification.
When is payday?	This packet contains the payroll schedule. Payday is every other Friday. If Friday is a holiday, payday is Thursday.
What if my employee does not receive a paycheck?	Check to see if there is a fax or email confirmation. If there is not, re-send and call our office to let us know about the late timesheet. If there is confirmation of receipt, call our office. We should be able to locate the missing timesheet, and we will process as quickly as possible.
How do I get my payroll records?	We will send you quarterly reports that show how many hours have been worked, any payments made for reimbursable expenses, and how must money has been used from your budget.
What else do I need to know?	If you are in the hospital or other facility or lose eligibility, your employee cannot work.

Consumer Directed Services (CDS) Option Overview in the VD-HCBS Program

This information will help you decide if you want to participate in the **Veteran Directed Home and Community Based Services (VD-HCBS)** option for services available for delivery.

If you or your legally authorized representative (LAR) chooses the VD-HCBS option, one of you must be the employer of your service providers for those services to be delivered through VD-HCBS.

- The employer (individual or LAR) may appoint an adult as the designated representative (DR) to assist
 or to perform employer responsibilities in the VD-HCBS option. If the employer is not able to complete a
 self- assessment for VD-HCBS, a DR must be appointed.
- You will be eligible for Support Consultation Services to provide additional assistance and training for employer responsibilities in VD-HCBS.
- The employer or DR must:
 - o select a financial management service (FMS) agency to administer fiscal management services, provide orientation services to the employer and to act as the employer's agent with governmental agencies.
 - o hire, fire, train and manage your service providers. Service providers include employees, contractors and vendors. Some services may require that backup service providers be available to deliver services when the regular provider is not available.
 - o control how your allocated program funds for each service are spent on wages and benefits for your employee(s) and pay for services delivered by contractors and vendors.

Your VD-HCBS service coordinator will advise you of the FMS Agency currently used to pay for services provided with a set amount of money from your allocated funds.

Becoming an Employer

As an employer in the VD-HCBS option, you have the benefit of controlling your authorized service funds. You set wages and benefits for your employees within the spending limits for the service rate. Benefits may include bonuses and health insurance for your employee(s). You also have the benefit of hiring and managing your own employees, backup employees and other service providers.

Being an employer in the VD-HCBS option also has many responsibilities. You are required to recruit, hire, manage and, if necessary, dismiss or fire your service providers (employees, contractors and vendors). You must provide training for your employees. You may want to purchase training for your employees through your budget. You are also assuming responsibility to verify that each service provider:

- meets the eligibility requirements of your program; and
- completes all required paperwork.

The "**employer**" in the Veteran Directed Home and Community Based Services VD-HCBS option is the individual receiving services or, when applicable, the individual's legally authorized representative (LAR).

Employer Responsibilities

To participate in the VD-HCBS option, you must be able to perform all employer tasks required, or you may appoint a willing adult as your **designated representative** (DR) to assist you or to perform employer responsibilities and tasks for you.

As an employer, your responsibilities include:

- recruiting, hiring, training, managing and firing your employees and other service providers (service providers include employees, contractors and vendors);
- setting wages and benefits for your employees within funds allocated for services elected to be delivered through the VD-HCBS option;
- conducting criminal history checks or asking the Financial Management Services Agency (FMSA) you select to obtain the report;
- evaluating each service provider's job performance;
- approving, signing and submitting time sheets, invoices and receipts to the FMSA for payment to your employee(s) and service providers;
- having the FMSA verify eligibility of each applicant before you hire or retain for employment or service delivery;
- · resolving employee and service provider concerns and complaints;
- · maintaining a personnel file on each service provider;
- developing and implementing backup service plans for services determined by the individual's planning team to be critical to the individual's health and welfare; and

Note: The VD-HCBS option and the agency option are each funded by public funds, Veterans Administration, or other federal money. Discriminating against applicants and employees based on race, creed, color, national origin, sex, age, or disability or sexual orientation is prohibited and against the law. The employer is accountable for the funds spent through the VD-HCBS option.

Service Coordinator Responsibilities

Your service coordinator is responsible for informing you about the VD-HCBS option and reviewing the self- assessment tool with you to help you determine if the VD-HCBS option is right for you. In addition, the responsibilities of your case manager or service coordinator include:

- assessing your service level needs;
- coordinating the development of the service plan or plan of care;
- providing you with information about the FMSA which will help you manage this option;
- · educating you on your rights, responsibilities and resources;
- revising your service plan when your needs change;
- · being a resource if you have health, safety or exploitation concerns; and
- monitoring and reviewing your satisfaction with the services provided by the FMSA in accordance with the requirements of your program.

VD-HCBS Option Advantages vs. Potential Risks

Advantages in the VD-HCBS option

- You select and manage the people who provide your services.
- You schedule who provides program services and when they are delivered.
- You train your service providers and supervise the services delivered by your service providers (service providers include employees, contractors and vendors).
- You control the rate of pay for your employee(s) within the spending limits of the unit rate for the service.
- You can offer benefits, such as bonuses, vacation pay, sick pay and insurance, to your employees.
- Your FMSA that will pay your service providers, make deposits and file reports with governmental agencies on your behalf.
- You may be able to recruit eligible service providers, including family members, friends and other persons you know to work for you. The person selected must meet all eligibility requirements of your program to be hired or retained.
- You may appoint someone to assist with employer responsibilities or to perform employer responsibilities for you.
- You may also be able to get additional training and assistance from a FMS support advisor to help you be a successful employer in the VD-HCBS option.

Potential Risks in the VD-HCBS option

- You are responsible for backup arrangements for services to be delivered if your employee or service provider does not show up for work.
- Your service providers are **not** the employees of the FMSA, Veterans Administration, HHSC, any other state or federal agency or any other contracted provider agency.
- As the employer, you are solely responsible and liable for any negligent acts or omissions by you, your employees, other service providers and your DR.
- You are responsible for handling all conflicts with service providers. The FMSA and the individual's other program provider agencies are not involved in these situations.
- You are required to keep and store paperwork for up to five years or possibly longer.
- The employer is ultimately responsible for payroll taxes owed to the Texas Workforce Commission (TWC), and is liable if the FMSA fails to pay. The FMSA assumes full responsibility for payment of payroll taxes owed to the IRS.
- The employer is responsible for meeting all requirements as any employer in any business and can be held liable for failure to meet those requirements.

Acknowledgment of Responsibility for Exemption from Nursing Licensure for Certain Services Delivered through Consumer Directed Services (CDS)

The following text is from Section 531.051, Government Code, Consumer Direction of Certain Services for Persons with Disabilities and Elderly Persons, Subsections (e) and (f):

The consumer in the CDS option acknowledges that, as "the consumer who receives the service," he or she (e)(2)(A) has a functional disability and the service would have been performed by the consumer, or the parent or guardian for the consumer, except for that disability; and if:

- (e)(2)(B)(i) the consumer is capable of training the person in the proper performance of the service, the consumer directs the person to deliver the service; or
- (e)(2)(B)(ii) the consumer is not capable of training the person in the proper performance of the service, the consumer's parent or guardian is capable of training the person in the proper performance of the service and directs the person to deliver the service.
- (f) If the person delivers the service under Subsection (e)(2)(B)(ii), the parent or guardian must be present when the service is performed or immediately accessible to the person who delivers the service. If the person will perform the service when the parent or guardian is not present, the parent or guardian must observe the person performing the service at least once to assure the parent or guardian that the person performing the service can competently perform that service.

The person who delivers the service:

- (A) has not been denied a license under Chapter 301, Occupations Code;
- (B) has not been issued a license under Chapter 301, Occupations Code, that is revoked or suspended; and
- (C) performs a service that is not expressly prohibited from delegation by the Texas Board of Nursing.

Per Texas Administrative Code, §225.13, Tasks Prohibited From Delegation, the following are nursing tasks that cannot be delegated:

- (1) physical, psychological, and social assessment, which requires professional nursing judgment, intervention, referral, or follow-up;
- (2) formulation of the nursing care plan and evaluation of the client's response to the care rendered;
- (3) specific tasks involved in the implementation of the care plan that require professional nursing judgment or intervention;
- (4) the responsibility and accountability for client or client's responsible adult health teaching and health counseling which promotes client or client's responsible adult education and involves the client's responsible adult in accomplishing health goals; and
- (5) the following tasks related to medication administration:
 - (A) calculation of any medication doses except for measuring a prescribed amount of liquid medication and breaking a tablet for administration, provided the RN has calculated the dose;
 - (B) administration of medications by an injectable route except for subcutaneous injectable insulin or other injectable medication prescribed in the treatment of diabetes mellitus as permitted by §225.12 of this title (relating to Delegation of Administration of Insulin) or other injectable medication prescribed in the treatment of diabetes mellitus and in emergency situations as permitted by §224.6(4) of this title (relating to General Criteria for Delegation) and §225.10(13) of this title (relating to Tasks that May Be Delegated);
 - (C) administration of medications by way of a tube inserted in a cavity of the body except as permitted by §225.10(10) of this title;
 - (D) responsibility for receiving or requesting verbal or telephone orders from a physician, dentist, or podiatrist; and
 - (E) administration of the initial dose of a medication that has not been previously administered to the client unless the RN documents in the client's medical record the rationale for authorizing the unlicensed person to administer the initial dose.

Under §531.052(e), (f) of the Government Code, there are certain services that may be exempt from nursing licensure and can be included in the Individual Service Plan for the CDS option if all the qualifying conditions are met.

Examples include:

- (1) bathing, including feminine hygiene;
- (2) grooming, including nail care, except for consumers with medical conditions like diabetes;
- (3) feeding, including feeding through a permanently placed feeding tube;
- (4) routine skin care, including decubitus Stage 1;
- (5) transferring, ambulation or positioning;
- (6) exercising and range of motion;
- (7) the administering of a bowel and bladder program, including suppositories, catheterization, enemas, manual evacuation and digital stimulation;
- (8) administering oral medications that are normally self-administered, including administration through a gastrostomy tube; and
- (9) non-invasive and non-sterile treatments with low risk of infection.

CDS Consumer

I **elect** to take responsibility for some nursing tasks. I have read the excerpt provided from Government Code §531.051 and under those terms, **I certify the following:**

As the individual who receives the service, I certify that I have a functional disability and I am able to perform this service for myself, except for that disability.

As the individual of the service, I am capable of training the attendant (employee) in the proper performance of the service and take full responsibility in directing and supervising the attendant. I understand that those services that cannot be provided by anybody except a licensed nurse, according to Texas Administrative Code, §225.12, **Tasks Prohibited From Delegation**, must not be provided by the employee.

Legally Authorized Representative (LAR) Directed Services

I **elect** to take responsibility for some nursing tasks for the individual. I have read the excerpt provided from Government Code §531.051 and under those terms, **I certify the following:**

As the LAR of the individual, I am capable of training the attendant (employee) in the proper performance of the service and take full responsibility in directing and supervising the attendant. I will either be present or immediately accessible when the service is performed or will observe the attendant performing the service until I am assured he is able to competently perform the service without my immediate supervision. I understand that those services that cannot be provided by anybody except a licensed nurse, according to Texas Administrative Code, §225.12, **Tasks Prohibited From Delegation,** must not be provided by the employee.

Delegated Service to be Delivered

Under the terms of this provision, I take full responsibility for these tasks. I will train and supervise the attendant in the performance of the task(s) listed below:

In assuming this responsibility, I understand that my home and community support services nurse will no longer supervise or assume any responsibility for the performance of this task(s).

RATE INFORMATION FOR EMPLOYERS

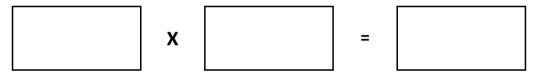

As an employer, the cost of hiring employees does not only include wages. By law, you are also required to pay payroll taxes. The amounts you pay for each of these is a percentage of payroll and are shown as follows:

Social Security	6.20%
Medicare	1.45%
Federal Unemployment Tax	0.60%
State Unemployment Tax	2.70%
TOTAL Employer Cost Rate*	10.95%

*Note – These are default rates only. Your rate may vary from the default rates listed above.

This means that for every \$1.00 you pay your employee in wages, you must pay an additional 10.95% or 11 cents, to meet employer payroll taxes.

To determine the total cost for your employees, multiply the employee's rate of pay by 1.1095.

CDS in Texas calculates and pays this amount on your behalf, but it is important for you to understand how this affects your authorized budget. The table below is provided to help you determine your cost to employ someone based on various hourly rate amounts. The "Cost to You" column represents the rate multiplied by the default employer tax rate shown above. You may pay your employee other amounts than those listed in the table.
