

# My Journey with Asperger's

Saturday, April 16 | 8:30 a.m. - 3 p.m. | ESC Region 12

## MEET DAN DURANY

Daniel Durany is a speaker, author, editor and advocate for persons with Asperger's syndrome (AS) and people who work with it in others. His knowledge and passion are derived from the fact that he, too, has AS. Daniel volunteers with FEAT (Families for Effective Autism Treatment) and implemented an adult Asperger's support group.

Participants will gain an unique perspective on AS. Daniel will discuss the unique cognitive and social patterns of people with AS, as well as strategies to improve these processes.
